

## Out-of-Network Services

---

### Blue Cross Blue Shield FEP Vision Section 4 Your Cost for Covered Services

---

#### Out-of-Network Services

---

If you are enrolled in Standard Option, you must stay in-network for covered services. If you receive care from a non-participating provider, we will not pay for any services unless you reside in a limited access area. Please see details described in (Section 3, How to Obtain Care) for information on limited access area.

If you are enrolled in High Option, you'll get more out of your coverage and pay lower out-of-pocket costs when you see a BCBS FEP Vision network provider. Plus, there are no claim forms to submit when you see an in-network provider. When you visit an out-of-network provider, you will be reimbursed according to the schedule shown in the chart below. Only items listed in the chart below are reimbursable. You will be responsible for charges billed over the amounts shown.

#### **Services/Material: Vision Care Exam**
